## WORK EXPERIENCE

### Programmer (Apprenticeship, Contract Role)

JS Lifespaces

October 2022 - October 2023

- Participated in the full lifecycle development process with team of eight engineers.
- Assisted Lead Front-End Developer with 15+ Project Designs.
- Collaborated with UX Design Team for 12 design sprints over 12-month period.
- Conducted independent research to identify design roadblocks, and assisted in risk mitigation.

### Recruitment Consultant II

i-Pharm Consulting

February 2022 - September 2022

- 180-degree Candidate Recruitment
- Trained and placed first candidate within 25 days of joining.
- Recognized as "MVP of the week" twice for result oriented execution.

### Recruitment Consultant

Michael Page

June 2021- February 2022

- Operated 360-recruitment desk within NYC and Long Island areas.
- Sourced and cleared candidates for open jobs within the team.
- Reference calls for candidate leads.
- Extracted leads for business development with the team.
- Placed 6 candidates, and signed on 2 new contracts.

### Case Monitor

NYC Health + Hospitals

June 2021- February 2022

- Worked in tandem with Optum Health at United Healthcare for COVID-19 Relief.
- Tracked client medical adherence, community resource allocation, and addressed concerns regarding COVID-19 response within families and businesses.
- Recruited case monitors, and promoted other open positions within the network.

(Averaging 35-50 case interactions per day. Over 4,000 individual cases handled)
